The Basic Support Obligation as defined by the Family Court Act, Section 413, 1(b),(c) and (d), includes child care, health care and/or educational expenses where appropriate, in addition to the child support percentage amount.

Where the total, combined income of both parents exceeds \$148,000, the Law requires use of the Guidelines for the first 148,000 of combined income and requires either the use of the Guidelines, an amount determined under "F" factors, or a combination of both, in calculating the annual child support obligation amount on the income above \$148,000.

The Basic Support Obligation as defined by the Family Court Act, Section 413, 1(b),(c) and (d), includes child care, health care and/or educational expenses where appropriate, in addition to the child support percentage amount.

Where the total, combined income of both parents exceeds \$148,000, the Law requires use of the Guidelines for the first 148,000 of combined income and requires either the use of the Guidelines, an amount determined under "F" factors, or a combination of both, in calculating the annual child support obligation amount on the income above \$148,000.

The Basic Support Obligation as defined by the Family Court Act, Section 413, 1(b),(c) and (d), includes child care, health care and/or educational expenses where appropriate, in addition to the child support percentage amount.

Where the total, combined income of both parents exceeds \$148,000, the Law requires use of the Guidelines for the first 148,000 of combined income and requires either the use of the Guidelines, an amount determined under "F" factors, or a combination of both, in calculating the annual child support obligation amount on the income above \$148,000.

The Basic Support Obligation as defined by the Family Court Act, Section 413, 1(b),(c) and (d), includes child care, health care and/or educational expenses where appropriate, in addition to the child support percentage amount.

Where the total, combined income of both parents exceeds \$148,000, the Law requires use of the Guidelines for the first 148,000 of combined income and requires either the use of the Guidelines, an amount determined under "F" factors, or a combination of both, in calculating the annual child support obligation amount on the income above \$148,000.
